

Dear Parents,

Many times during the year, we would like the opportunity to communicate with the grandparents of your children. We recognize that many of the grandparents do not live locally, but are still curious about what their grandchildren are experiencing in school. We would like to include them in our e-mails of holiday celebrations, school events, and daily life at KI ECC.

Please provide the following information for us.

Child's name _____ class _____

Grandparents' names _____

Address _____
